Cost of entry is **£40 to be given in with team entry form, or ASAP.**
The payouts this year will be decided once all the entries are in.

There will also be a monthly payout for the highest cumulative score each month on set dates (again amounts dependant upon entries).

Once again this year I will run a Cup competition that I will run around the FA Cup times (but not based on actual FA matches), I will draw out pairings each round on a knockout basis and payouts wil be for runner-up and winner. (again amounts dependant on entries)

Again, this year dependant on entries will be a one off payment at the end of the year for the team with the highest goals scored.

All matches played in the FA Premier League season 2011/12 and the FA Cup 2011/12 competition will count from Saturday 13th August 2011 until and including the final matches in the FA Premier League and FA Cup 2011/12 competitions. Abandoned matches will not count. The TFF 'week' will run from Tuesday to Monday and will include any games played on a Monday night.

Key contributions to goals will be awarded at the sole discretion of the judging panel appointed by The Telegraph. Points for key contributions will not necessarily be awarded for all goals scored (e.g. own goals) and in some cases the judges may award points to two players for one goal if they consider both to have made a key contribution. A key contribution will not necessarily be awarded to the last player to touch the ball before the goal scorer. The judge's decision shall be final and The Telegraph will not enter into any correspondence regarding points deducted or allocated to players.

TRANSFERS

Managers may alter their team during the course of the season by effecting transfers, which may be actioned by e:mail (paul.seddon7@ntlworld.com or paul.seddon@unilever.com). Each manager is allowed a total of 10 transfers and these may be used at any time during the season, the 10 transfers may be used for any of the four positions (goalkeeper, defender, midfielder and striker) as many times as you like. With all transfers, managers must ensure that their squad continues to meet the selection criteria of £50million and under and also kept within the 6 possible formations listed above. Once submitted, transfer requests cannot be altered. All transfer requests must state from which date the new players become eligible for scoring.

Please note that this listing is not the final one for picking your starting XI, any new players that have been bought between now and the start of the season, will become available for you to select via the following website:-
